2021 IEC/OC Board Elections – Candidate Bios

Mehran Ebrahimi:

Mr. Ebrahimi is a Senior Engineer with over 13 years of environmental consulting experience focusing on developing NPDES permit compliance strategies. He provides storm water and wastewater program support to a variety of industrial facilities in California covered under the Industrial General Permit including landfills, wineries, foundries, recycling, and manufacturing facilities. He has developed site-specific water balance models and hydrologic calculations to design storm water treatment and infiltration systems. His experience with water treatment includes treatability evaluations, hydraulic design, data management, field oversight, sampling, and system troubleshooting. He has also led the design, operation and maintenance, and optimization of storm water treatment and infiltration projects.

Mr. Ebrahimi has valuable experience developing compliance documents including Storm Water Pollution Prevention Plans (SWPPPs), Hazardous Materials Business Plans (HMBPs), and Spill Prevention, Control, and Countermeasure (SPCC) Plans. Mehran is a California-licensed Professional Civil Engineer, a Qualified Industrial Stormwater Practitioner (QISP) Trainer of Record (ToR), and a Qualified Stormwater Pollution Prevention Plan Developer (QSD).

He currently serves as Co-Chair of the California Stormwater Quality Association's (CASQA) Industrial Stormwater Subcommittee and is the Secretary of the Board for the Industrial Environmental Coalition of Orange County (IEC/OC).

Elizabeth Zernik:

Elizabeth Zernik, ToR/QISP/CGL, QSD/QSP, CPESC is designated by the California Stormwater Quality Association (CASQA) as a Certified Trainer of Record (ToR) for the Industrial General Permit (IGP). CASQA based the selection on experience in the California Industrial General Permit (IGP) implementation, academic credentials, and training competencies of the applicants. Ms. Zernik is part of an inaugural set of ToRs qualified to conduct training required under the California IGP. Ms. Zernik has over 20 years of experience in environmental and stormwater quality compliance. Ms. Zernik has provided construction and industrial stormwater support services to a wide range of clients. She maintains a current understanding of stormwater regulations and the practical implications to a client site. She has taught field and classroom compliance training courses. She is currently working to provide ongoing content support to the IGP Training Team, developing the training for the Qualified Industrial Stormwater Practitioner (QISP) Certification. Elizabeth Zernik is currently serving on the IEC/OC Board and also as the Vice-President. As a Board Member, she intends to continue serving on the Programming and Marketing Committees, assist with the website management, and support the Board as the Vice-President or any other role assigned to her.

Daniel Chavez:

Daniel Chavez is an experienced Analytical Environmental Chemist with over 16 years of experience in laboratory analysis, analytical laboratory and project operations, and client services. Mr. Chavez has progressively evolved from laboratory analysis roles into project management, client services, and business development. Mr. Chavez has not only a true understanding of the laboratory processes, but also a passion in connecting people together and to help guide them whenever he can. He is also driven to learn new things through new experiences, which is why he feels that he would be a strong candidate to become a Board Member for IECOC and contribute to the activities of IEC/OC.
